The **National Service Scheme (NSS)** is an Indian government sector public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year in 1969. Aimed at developing student's personality through community service. NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community.

The programme aims to instilling the idea of social welfare in students, and to provide service to society without bias. In doing so, volunteers learn from people in villages how to lead a good life despite a scarcity of resources. It also provides help in natural and man-made disasters by providing food, clothing and first aid to the disaster's victims.

The sole aim of the NSS is to provide hands on experience to young students in delivering community service. The students participating in its activities work with the people of the society in the interest of the society. Literacy related work, environmental protection, Health and sanitation, assistance to the victims of emergency or natural disaster etc. By virtue of the social work from the student's life, the qualities of social service or national service are developed in them. To become an ideal citizen it is necessary to develop these qualities.

The National Service Scheme of Sharda University is constantly working to make students aware of social problems and motivate them in creative work to solve them.
