**Awareness Session on Library Services and Facilities**

We are very proud to say that your central library is well-equipped with a wide range of resources to support the academic needs of students and faculty. Offering reference books, textbooks, journals, newspapers, magazines, e-books, e-journals, databases, and thesis materials shows a comprehensive commitment to fostering knowledge and research.

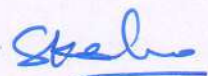

Conducting awareness sessions is a fantastic initiative to ensure that all users understand and utilize these resources effectively. Educating users about library services and facilities not only enhances their experience but also encourages them to make the most out of what the library has to offer.

This library awareness session was very successful, in which many people participated. Our wish is that all the users get complete information about all the services and facilities of our library.

Many thanks to all the participants.

Dear Sir/Madam,

It's my pleasure to inform you that we are available to organize online sessions on library resources for your department in the following context;

1. What kind of resources are subscribed for library users?
  2. How to access it remotely?
  3. How does it help you in the research, teaching and learning process of the University?
  4. How to select a good journal for article publication?
  5. How to access turnitin and get an anti-plagiarism report?
- and many more.....

Kindly share department-wise schedule with us to get the meet link of the session.

Thanks & Regards,

Dr. Sushanta Kumar Sahoo
