

# Program Structure BBA (Human Resource Management) SBS0119 Academic Session 2018-2021

#### 1. Standard Structure of the Program at University Level

1.1 Vision, Mission and Core Values of the University

.

### Vision of the University

To serve the society by being a global University of higher learning in pursuit of academic excellence, innovation and nurturing entrepreneurship.

#### Mission of the University

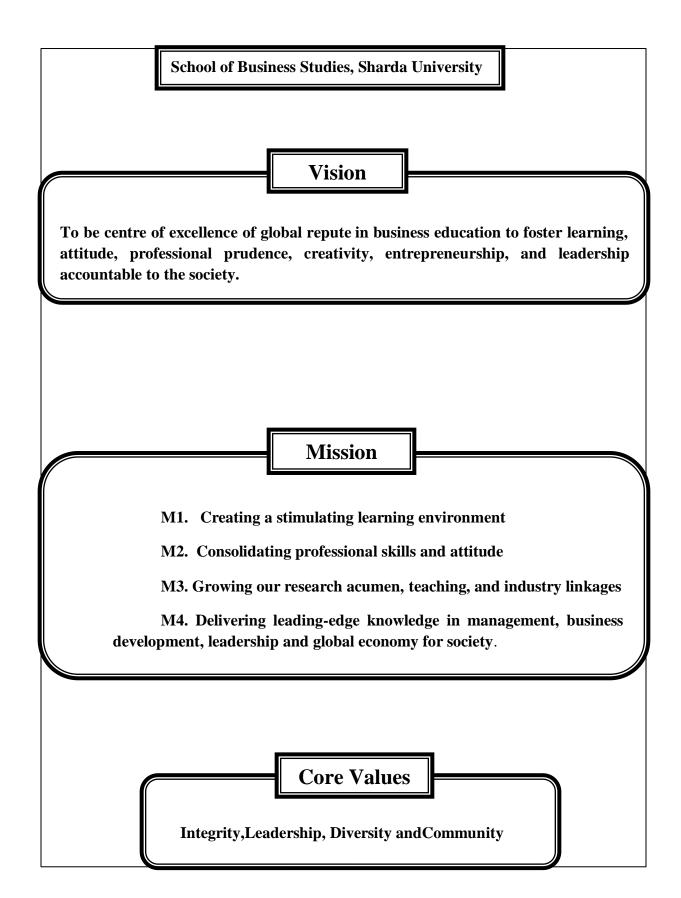

Transformative educational experience Enrichment by educational initiatives that encourage global outlook Develop research, support disruptive innovations and accelerate entrepreneurship Seeking beyond boundaries

**Core Values** 

Integrity Leadership Diversity Community

### **1.2** Vision and Mission of the School

### **1.3** Programme Educational Objectives (PEO)

#### 1.3.1 Writing Programme Educational Objectives (PEO)

The educational objective of the BBA (HR) program of SBS is

- PEO1 :To provide students with a basic theoretical knowledge and understanding of organizations, their management and the environment in which they operate
- PEO2 : To provide students with first-hand experience of a managerial and/or managementrelated role and of how organizations operate in practice.
- PEO3 : To provide students with an integrated understanding of the important functions within management and the way in which they interact and acquire new skills.
- PEO4 : To develop students' critical analysis of and reflection upon management issues and their ability to undertake serious, deep and well-rounded research in selected areas.
- PEO5 : To prepare students for a career in management or management-related fields and develop their capability to contribute to society at large.
- PEO6 : To enhance students' lifelong learning skills, communication skills and personal development.

### **1.3.2** Map PEOs with Mission Statements:

Statements	School Mission 1	School Aission 2	School Mission 3	School Aission 4
To provide students with a basic theoretical knowledge and understanding of organizations, their management and the environment in which they operate.	3	1	1	3
To provide students with first- hand experience of a managerial and/or management- related role and of how organizations operate in practice.	3	3	2	1
To provide students with an integrated understanding of the important functions within management and the way in which they interact and acquire new skills.	2	3	1	2
To develop students' critical analysis of and reflection upon management issues and their ability to undertake serious, deep and well-rounded research in selected areas.	2	1	3	2
To prepare students for a career in management or management- related fields and develop their capability to contribute to society at large	1	3	1	1
To enhance students' lifelong learning skills, communication skills and personal development.	3	1	1	2

#### 1.3.3 Program Outcomes (PO's)

PO1 :Ability to apply the knowledge of business and management concepts to address the various managerial issues and complex problems by investigating and analyzing the problem's situation and context.

PO2 :Understand the impact of professional business decisions and solutions in the societal and environmental context and also demonstrate knowledge towards sustainability.

PO3 :Demonstrate thinking skills, creativity and innovation orientation in understanding and addressing the issues relating to the global business environment.

PO4 :Apply ethical policies and practices of the profession to be a socially responsible and ethical management professional.

PO5 :Exhibit leadership behavior, interpersonal & cross-cultural skills, communication skills and a commitment towards lifelong learning.

PO6 :Apply and practice their entrepreneurial knowledge, skills and traits to become self-employed and job creator.

PSO1 : Graduates will be able to understand, analyze and address various complexities of people management and apply key concepts learnt related to HR.

PSO2 :Graduates will be able to define, analyze and devise solutions for structured and unstructured problems and issues related to human resources.

PSO3 :Graduates will exhibit professional and entrepreneurial competence and develop a global perspective to manage challenges.

PSO4 :Graduates will exhibit competence to pursue their higher studies, research, and lifelong learning in the area of human resource management.

	PEO1	PEO2	PEO3	PEO4	PEO5	PEO6

5	Course	Business Economics is an introductory course that teaches the fundamentals of								
0	Descrip	microeconomics. This course introduces microeconomic concepts, supply and								
	tion	demand analysis, theories of the firm, Perfect competition and Imperfect								
		Competition. The course attempts to develop a student's ability to think about the								
		economic forces at work in society and give detailed knowledge of								
		microeconomics.								
6	Course	- To make students understand the basic idea behind business economics.								
0	Objecti									
	ve	To make students mustice various market forces of demand, and suppry.								
		- Describe various approaches to production decisions and processes.								
		- To make students examine the significance of costs, and identify these costs in								
		a given economic decision.								
		- Real life examples with illustrations of different market structures under which								
		businesses are undertaken, pertinent regulatory laws, applications of such laws								
		in case of market failure with case studies								
7	Course	On completion of this course the learners will be able to								
	Outco	CO 1 Understand that economics is about the allocation of scarce resources, that								
	mes	scarcity forces choice, tradeoffs exist and that every choice has an opportunity cost								
		<b>CO 2</b> List the determinants of the demand and supply for a good in a competitive								
		market and explain how that demand and supply together determine equilibrium								
		price. CO 3 Describe the general concept of elasticity for different variables in the								
		COS Deserve the general concept of elasticity for different variables in the								

			undaries
		demand or supply function and the effect of a given elasticity on economic	
		outcomes	
		<b>CO 4</b> To define opportunity costs, demonstrate how they affect economic	
		decisions, and identify these costs in a given economic decision	
		<b>C0 5</b> Distinguish between and identify the key characteristics of perfect	
		competition and imperfect competition

Sch	ool:	Batch : 2018-19
Prog	gram:	Current Academic Year:
Bra	nch:	Semester: 02
1	Course Code	BBA148
2	Course Title	ORGANIZATIONAL BEHAVIOUR
3	Credits	04
4	Contact	3-1-0
	Hours (L-T-P)	
	Course Status	Compulsory
5	Course	This course aims to improve students understanding of human behaviour in
	Objective	organization and the ability to lead people to achieve more effectively
		toward increased organizational performance and effectiveness.
After completing this course, students should be able to:		
		• Understand individual behavior in organizations, including
		diversity, attitudes, job satisfaction, emotions, moods, personality,

	Beyond Boundaries						
	values, perception, decision making, and motivational theori						
		• Understand group behavior in organization	, 0				
		, conflict, and					
		• Understand the organizational system, including	, organizational				
		structures, human resources, and change.					
6	Course	CO1: To list and define basic organizational behaviour prin	ciples, and				
	Outcomes	describe how these influence behaviour in the workplace.					
		CO2: To understand the concepts of OB to influence and m	anage				
		behaviour in the organization systems.					
		CO3: To demonstrate development of essential people mana	agement and				
		good team working skills.					
		CO4: To analyse the behaviour of individuals and groups in					
		in terms of organisational behaviour theories, models and c					
7	Course	This course provides a comprehensive analysis of individua					
	Description	behaviour in organizations. Its purpose is to provide an und					
		how organizations can be managed more effectively and at	the same time

ACC		
Bra	nch: -	Semester: III
1	Course Code	BBA 267
2	Course Title	Business Law
3	Credits	4
4	Contact	4-0-0
	Hours	
	(L-T-P)	
	Course Status	Compulsory
5	Course	This course introduces the student to the concept of Law and basics of the
	Description	Indian Legal System. It further covers Laws that govern business
		transactions like Contract, Sale of Goods, Negotiable Instruments and
		Consumer Protection.
6	Course	
	Objective	The purpose of the course is to enable students:-
	-	1. Accquaint with the Indian Legal System.
		2 Describe how the legal framework affects both businesses as well as
		individuals
		3 Prepare them to apply the various laws to a given situation (case studies)
		4. Develop concise legal arguments in a logical manner and improve upon

		communication and interpersonal skills.	Beyond Boundarie					
		_						
7	Course Outcomes	<ul> <li>CO1: To appreciate the Indian Legal System.</li> <li>CO2: To demonstrate the relationship between law and economic activity by developing in the student an awareness of legal principles involved in economic relationships and business transactions.</li> </ul>						
		CO3:To distinguish between various kinds of negotiable inst CO4: To identify the rights available to a consumer and desc process of filing a consumer complaint.						
8	Outline syllabi		CO Mapping					
-	Unit A	Introduction to Law						
	A 1	What is law? What are the institutions that enforce law? Hierarchy of Courts in India	CO1					
	A 2	Understanding The Indian Constitution: Fundamental Rights and Duties, Writs, Public Interest litigation	CO1					
	A 3	What is Alternate Dispute Resolution? Its importance	CO1					
	Unit B	Indian Contract Act 1872						
	B 1	What is a contract? Social vs. Business Agreements. How is a contract made?	CO2,					
	B 2	Types of contracts, Essentials of a valid contract,	CO2					
	В 3	Quasi contract. Discharge of contract, Breach of contract and its remedies, Special Contract(Brief overview) - Contract of Indemnity, Guarantee, Bailment, Pledge, Agency	CO2					
	Unit C	Sale of Goods Act 1930						
	C 1	What is a contract for sale of goods? Similarities with and modification to general contract law provisions.	CO2					
	C 2	Transfer of property. Conditions and warranties - caveat emptor. Performance of contract of sale.	CO2					
	C 3	Rights of unpaid seller. Remedies for breach of contract for sale.	CO2					
	Unit D	Negotiable Instruments Act 1881						
	D 1	What are negotiable instruments? Types of negotiable instruments. Parties to instruments.	CO2,CO 3					
	D 2	Holder and Holder in due course,	CO2,CO 3					
	D 3	Dishonor of Negotiable Instruments	CO2, CO 3					
	Unit E	Consumer Protection Act 1986						
	E 1	Important definitions under the Act. Rights of consumers. Who can file complaints?	CO2, CO4					
	E 2	Consumer Courts: District Forum, State Commission, National Commission	CO2, CO4					
	E 3	How to file complaints? Remedies available under the Act.	CO2, CO4
