Chancellor's
Message

As the Chancellor of Sharda University, I have both the opportunity to provide forward-looking leadership and to ensure that Sharda becomes a model of excellence in education for the country in the years to come.

If I had to state what differentiates Sharda University, I would without a doubt say that it is how we bring together incredibly diverse groups of students & faculty from across the world to discover a new way of learning. Moreover, Sharda gleans great advantage from its valuable industry network, which equips our students with essential knowledge and skills to excel in today's highly competitive world.

Although we offer over 130+ programmes in a variety of academic disciplines, our goal is your success. All our programmes focus on professional fields with strong current and future prospects to provide a degree that works for you. And, we surround you with a supportive and helpful academic community to encourage your personal growth and success.

I welcome you to be a part of this amazing experience!

Shri Pradeep Kumar Gupta has revamped the way education is imparted in educational institutions across India. He has also established Sharda Hospital in 2005 to provide hi-tech medical care at affordable cost to everyone. Going beyond boundaries, Sharda University established its first overseas campus at Andijan, Uzbekistan.

Shri Gupta is one of the founders of Education Promotion Society for India (EPSI) and also its past President. The then Hon'ble President of India nominated him on the Board of Governors of National Institute of Fashion Technology.

Distinguished awards conferred on Mr. P.K. Gupta

- 'Udyog Ratna' award
- 'Uttar Pradesh Ratna' award
- 'Gaurav Shri' award for entrepreneurship from the Alumni Association of Agra University
- Best Educationist award from the Federation of Educational Publisher in India

Pro-Chancellor's
Message

When you come to Sharda, you are choosing a university that has been raising the bar of excellence in education since 2009. Behind this success was the experience of almost a decade in managing a large conglomerate of education institutions with infrastructure and education delivery processes benchmarked with the best.

The experiential education that our graduates have received while at Sharda has empowered them to solve real-world challenges. Whether through joining the workforce, continuing on with further studies, launching an entrepreneurial venture, or forging a different path, Sharda's graduates have brought their 'Think and Do' spirit out into the world.

With a reputation of being India's only global university, our passion for the areas of expertise we operate in and our cordial relationship with industry, you can be sure that Sharda will help you find your future.

An investment in higher education is a life-changing decision that will affect your career growth. Whatever programme you choose, we will support you with the very best academic staff and state-of-the-art facilities.

Shri Y.K. Gupta is a renowned educationist, social leader and a visionary industrialist who has traversed a tough road to the position he holds in Sharda University.

Shri Y.K. Gupta has put immense efforts to do pioneering work for his hometown, the city of Taj Mahal. He groomed Agra as a centre of excellence in technical education and provided the students better learning opportunities without any boundaries.

FACULTY WITH EXPOSURE OF
MOST PRESTIGIOUS INSTITUTIONS ACROSS THE GLOBE

Sharda University prides itself on the quality of its teaching, which is reflected in our numerous awards for education excellence. The distinguished faculty have been sourced from prestigious global universities like Stanford University, Harvard University, Cornell University, University of Alberta, John Hopkins University, Ulster University, Stuttgart University among others. The faculty had the privilege of pursuing path-breaking research and teaching at these universities.

In addition to the expertise of our academic teams, students at the University also get the chance to learn from visiting professionals who are well known and respected in their industries and professions. Each year Sharda University welcomes a range of guest speakers who deliver inspirational talks in their respective fields as part of our Guest Lecture series. These free events give students the chance to hear from experts outside of their subject areas and broaden their horizons.

SHARDA UNIVERSITY ALIGNS ITSELF TO NATIONAL EDUCATION POLICY 2020

Dr. Sibaram Khara
Vice-Chancellor, Sharda University

Shri Pradeep Kumar Gupta
Hon'ble Chancellor, Sharda University

Futuristic education policy lays the foundation for a nation's progress. Be it new discoveries, knowledge creation, skillset building, and innovation- the determining factor behind creating future nation builders is good education. In this regard, the National Education Policy (NEP) 2020 is futuristic, augmentative, and ambitious.

Shri PK Gupta, Chancellor, Sharda University is proud of the fact that Sharda is in sync with the vision of the Hon'ble Prime Minister's National Education Policy where the focus is on building skills and nurturing entrepreneurs who'll drive the change tomorrow. Sharda Launchpad, the StartUp wing of Sharda University has over the last five years been serving as the springboard for students and budding entrepreneurs who are living the dream to make India self-reliant. Sharda Launchpad is approved as business incubator by Ministry of MSME and has collaboration with StartUp Incubation and Innovation Centre, IIT Kanpur for sharing of resources.

In line with NEP, Sharda University offers 130+ UGC recognized future-focused Programme/Plans (including diploma). New age programmes in Stem Cell & Tissue Engineering, Artificial Intelligence & Data Analytics, Robotics among others are offered to make the students future ready. Besides this, Sharda University also offers four year research oriented UG programmes.

Adopting the vision of NEP'20 of transforming India into an equitable & vibrant knowledge society by providing high quality education following changes are in progress & would be incorporated as laid down in para11.9 of NEP'20:-

As mentioned in Para 11.9 of NEP'20 the undergraduate degree programme will be of 3 or 4 years duration, with multiple exit options within this period, with appropriate certifications, e.g., a certificate after completing 1 year, in a discipline or field including vocational and professional areas, or a diploma after 2 years of study, or a Bachelor's degree after a 3-year programme. The 4-year multidisciplinary Bachelor's programme, however, shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student.

We would also consider the Inter University Migration by accepting credits stored at ABC (Academic Bank credit) as & when it would be established as laid down in NEP'20.
