2. Message from DSW

Greetings and welcome to Sharda University....!

As the Dean of Student Welfare, I take immense pride in our university's long-standing commitment to providing practical and experiential-based education. Since its establishment, our institution has prepared undergraduate, graduate, and Ph.D. students to become leaders who possess both moral depth and intellectual intensity, essential for navigating the challenges of our rapidly changing society.

Situated in the vibrant economic and cultural hub of the NCR (National Capital Region), Sharda University offers unique opportunities for our students to engage with renowned companies and communities. This location serves as a catalyst for our students' success and has contributed to the accomplishments of over 50,000 Sharda University alumni. Our faculty members play a pivotal role in this success, bringing decades of leadership and experience-based knowledge to the classroom. As thought leaders in their respective industries, our faculty's research and expertise continue to drive positive change and make a significant societal impact, both locally and globally.

The Office of the Dean of Student Affairs plays a crucial role in facilitating the holistic development of our students' personalities and leadership qualities. Under the guidance of faculty coordinators, students actively participate in managing hostels, mess services, sports, cultural and literary activities, as well as professional societies within each school. The office fosters collaboration and camaraderie among students on campus, organizing events that benefit students and promote unity. It recognizes the diverse challenges and socioeconomic backgrounds of our students, encouraging them to express their talents and aspirations.

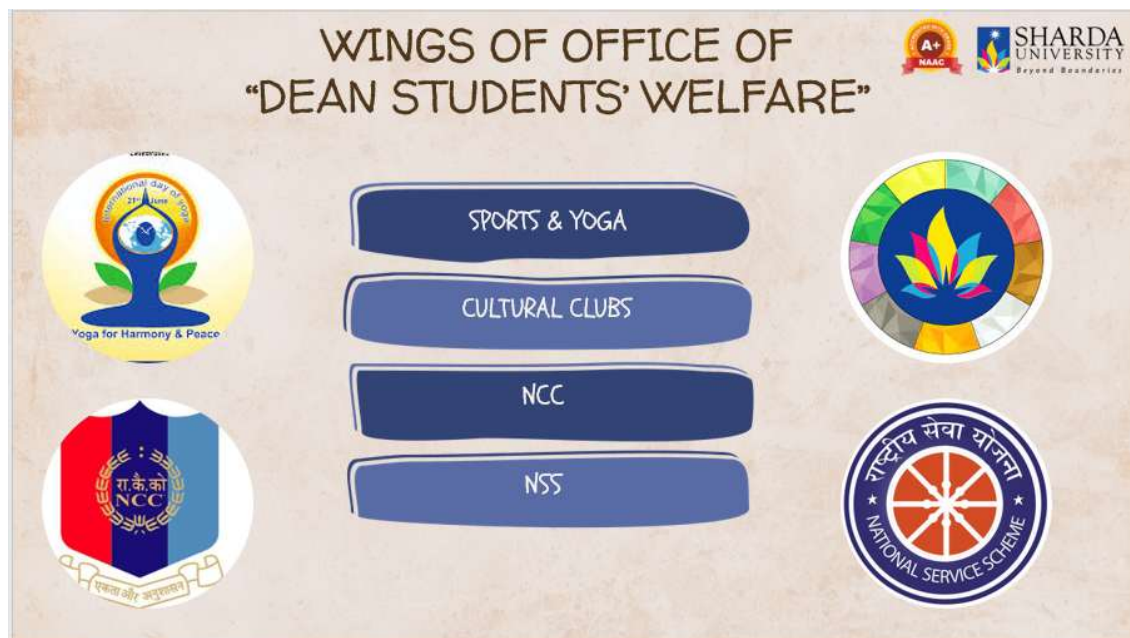

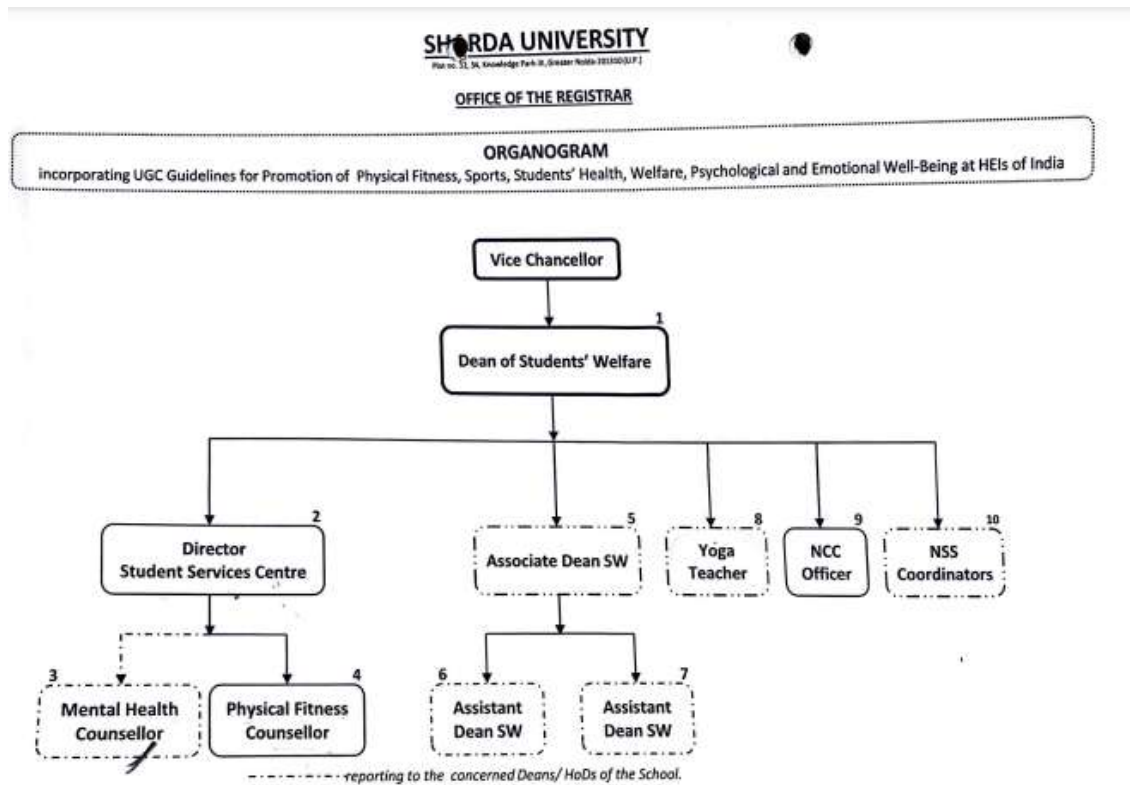

To encourage participation in the arts, the university frequently organizes youth competition programs infused with kindness and cheer. Inter-university cultural events are planned and supported, attracting highly talented participants and drawing enthusiastic audiences. Debates, symposia, and quizzes on current events are also organized in collaboration with club coordinators.

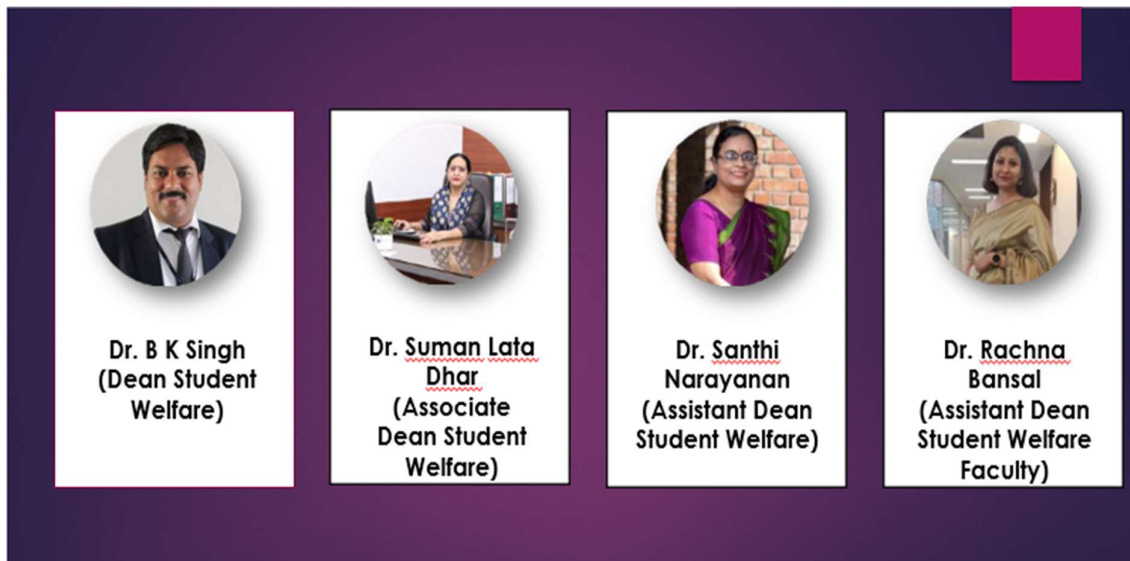

Furthermore, students are encouraged to participate in various activities such as NCC (National Cadet Corps), NSS (National Service Scheme), and sports events conducted throughout the year. I extend a warm invitation to all those who are eager to expand their knowledge and enhance their careers to explore our campus. I sincerely hope that you will become a part of our community of lifelong learners.

Best wishes to all of you!
