ABOUT THE REDCYSEC-2023

International Conference on Recent Developments in Cybers Security (ReDCySec-2023) technically sponsored by Springer (approval pending) will provide a platform for researchers, practitioners, and industry experts to share their knowledge, insights, and research findings on the latest developments in cyber security. It will also act as a forum for participants to discuss and address the most pressing cyber security challenges, which can lead to the development of new solutions and improvements to existing security measures.

ABOUT THE CENTER

Center for Cyber Security and Cryptology aims at promotion of interdisciplinary research and development, consultancy, and training in Cyber Défense and its allied domains. It aims to contribute towards furtherance of knowledge for providing solutions to present and upcoming challenges related to cyber defense in the global scenario.

ABOUT THE UNIVERSITY

Sharda University is a leading educational institution based in Greater Noida, Delhi NCR, India. A venture of the renowned Sharda Group of Institutions (SGI), the University has established itself as a high-quality education provider with prime focus on holistic learning and imbibing competitive abilities in students. The University is approved by UGC and is graded A+ by National Assessment and Accreditation Council (NAAC).
