Notification

Subject: Merit-Based Scholarship for Continuing Students

Sharda University, through its sponsorship, intends to provide merit-based scholarships to existing students who have exhibited outstanding performance during the Academic Year 2022-23 (applicable to students from all Schools except SMSR & SDS). For its robust implementation, all concerned will follow the guidelines given below:

1. The primary determinant for the continuation of the scholarship is a student's academic performance. Scholarships will be awarded starting from the highest tier based on the student's ranking in the school-wise merit list.
2. To be eligible for scholarship continuation, students must maintain a minimum CGPA of 8.0.
3. The scholarship will exclusively cover the Tuition Fee.
4. Students seeking to continue the scholarship must achieve a minimum aggregate attendance of 75% in each semester of the academic year 2022-23.
5. Scholarship recipients should not have any instances of F/FR (Failure and Repeat) or FI (Failure and Improve).
6. The Scholarship Committee will determine the quantity of scholarships available in the second year and subsequent years.
7. Students progressing from the 1st to 2nd year will receive scholarships based on their merit, in accordance with the criteria outlined in points 1 to 6.
8. Scholarships for students advancing from the 2nd year to the 3rd year will be granted based on merit, following the criteria detailed in points 1 to 6. The number of scholarships awarded in the 2nd year will also be taken into account. This applies separately to both undergraduate (UG) and postgraduate (PG) students, considering all specializations within a program as a unified entity.
9. Similarly, scholarships for students moving from the 3rd year to the 4th year will be determined by merit, adhering to the criteria described in points 1 to 6. The quantity of scholarships granted in the 2nd year and the approach of treating specializations as one unit for UG and PG will be considered.
10. Students progressing from the 4th year to the 5th year will be eligible for scholarships based on merit, guided by the criteria outlined in points 1 to 6. The number of scholarships awarded in the 2nd year and the principle of treating specializations as a single entity for UG and PG will be taken into consideration, separately.
11. Please note that the scholarship's continuation and availability are subject to meeting these specified criteria.

This bears the approval of the Competent Authority.

(Vivek Kumar Gupta)
Registrar

To,
All Deans of Schools (except SMSR and SDS)
(Please inform all concerned)

Copy also for kind information:

- Chancellor / Pro Chancellor/ CEO
- Vice-Chancellor
