COMMUNITY Connect

ANNUAL REPORT
OF
COMMUNITY CONNECT PROGRAM
2022 - 2023

Contents

Message from Vice-Chancellor

I am delighted to introduce the Community Engagement report for the University covering the period of 2022-23. This year, activities under the Community Connect programme included a variety of projects, involving on-site visits and interactions with local communities. We are in the process of building relationships with local communities.

Our students have embraced a wide array of projects spanning diverse domains, including societal concerns, agriculture, economic pursuits, mental and physical well-being, civil liberties, education, technological advancements, environmental issues, gender equality, and food security.

I am proud to present the Annual Report 2022-23 of the Community Connect program, detailing the achievements of our students.

Prof. Sibaram Khara
Vice-Chancellor, Sharda University

Message from Pro Vice-Chancellor

Sharda University is dedicated to delivering top-tier education to students within a supportive and conducive learning environment. Achieving excellence in education requires adopting a comprehensive approach that encompasses diverse disciplines. Education's purpose extends beyond producing proficient professionals; it also aims to cultivate responsible and ethical citizens.

To realize this goal, the University has instituted the Community Connect program across all Schools and Departments. Over the course of 10 semesters, we have successfully embarked on this journey. Engaging with communities not only imparts skills acquired through academic pursuits but also fosters a deeper understanding of the societal and economic dynamics of the nation. This engagement contributes significantly to nurturing vital life skills in students. As they create products, services, and processes, students can design them to be inclusive and beneficial for all.

Prof. Parma Nand

Pro Vice-Chancellor, Sharda University

1 Introduction

1.1 Introduction to Community Connect

Globally, endeavours to establish connections between higher education institutions (HEIs) and local communities have been ongoing for an extended period. These initiatives have gained prominence as a means of promoting experiential learning and fostering social awareness among students. The objective is to enable students to grasp the relevance of their education within the context of society and to allow local communities to derive benefits from this interaction.

In 1999, UNESCO convened the inaugural International Conference on Higher Education, which subsequently led to the endorsement of a new global network of universities named the Global University Network for Innovations (GUNI)[1]. Its primary aim was to enhance the role of higher education in society by contributing to the reinvigoration of higher education perspectives and policies worldwide, guided by principles of public service, pertinence, and social responsibility.

In 2009, the second UNESCO Conference on Higher Education took place in Paris, resulting in a declaration stating that, "Higher education bears the societal obligation to advance our comprehension of multifaceted issues...and our capacity to address them... Through its fundamental missions of instruction, research, and service, it should lead society in generating global knowledge to tackle worldwide challenges, encompassing but not limited to, food security, climate change, water management, cross-cultural dialogue, renewable energy, and public health." [2]

Subsequently, in 2014, during the 5th World Report on Higher Education organized by GUNI, the assertion was made that "Knowledge, Engagement & Higher Education: Contributing to Social Change." [3] Central to this report was the recognition that Community University Engagement (CUE) plays a pivotal role in shaping a new kind of citizenship. The report advocated for the integration of CUE into all institutional, teaching, and research undertakings, presenting it as a fundamental mindset and approach.

1.2 Community Engagement Programs in India

In 2011, a national review was conducted by a Committee of Experts, which recommended to MHRD about fostering social responsibility and community engagement of HEIs in India.[4] These recommendations contain several important elements for the new policy:

1. Improving the quality of teaching/learning in HEIs, by **bridging the gap between theory and practice** through community engagement
2. Promoting deeper interactions between higher educational institutions and local communities for **identification and solution of real-life problems faced by the communities** in a spirit of mutual benefit
3. Facilitating partnerships between local communities and institutions of higher education so that **students and teachers can learn from local knowledge and wisdom**
4. Engaging higher institutions with local communities in order to **make curriculum courses and pedagogies more appropriate** to achieving the goals of national development

[4] https://www.pria.org/knowledge_resource/1531475111_Fostering_Social_Responsibility.pdf

5. Catalysing acquisition of **values of public service and active citizenship** amongst students and youth alike, which would also encourage, nurture and harness the natural idealism of youth
6. Undertaking **research projects in partnership with local community** through community-based research methods.

2 Community Connect Program at Sharda University

2.1 University Level Operations

Community Connect employs an experiential learning methodology to facilitate students in acquiring practical expertise while simultaneously enhancing their empathy and maturity concerning the broader societal context.

In accordance with the guidelines laid out by the University Grants Commission, Sharda University introduced the Community Connect Programs commencing from the Academic Year 2018-19. The implementation of this program was gradually extended across different schools, and it is now obligatory for students from all schools to partake in it at least once during the duration of their course at Sharda University. Presently, all 14 schools within the university have incorporated this program. Among these, the Medical, Nursing, Dental, and Allied Health Services schools have seamlessly integrated Community Connect into their curriculum in line with their respective Council directives. The remaining 10 schools adhere to the overarching guidelines for Community Connect implementation.

In pursuance of the objectives of the program, the university has implemented the following practices:

1. Deans of all schools are responsible for the success of the program.
2. Training programs have been conducted for development of teachers in charge of the projects under Community Connect.
3. Increase the scope of research from survey-based projects and awareness campaigns to include secondary research, review or articles/statistics, scientific/lab experiments, and interventions. Medical schools, of course, continue to carry on their programs as per the standards of their councils.
4. Student development will take place through making them more sensitive to their surrounding society, making them able to take on more responsibility at an earlier age.
5. Recognition to be given to the best groups of students.

2.2 Key Principles for Community Engagement

In light of the global and national approaches currently prevalent, the following key principles shall guide community engagement of HEIs:

- Partnership between HEIs and local communities should be based on mutual learning and respect.
  - o Students visit villages and other communities to learn from.
  - o Students provide services and benefits to the community in various forms.
- University-wide implementation of the program, in each faculty and discipline.
  - o All schools of Sharda University have made it mandatory for their students to perform Community Connect program once during their course.
- Formal crediting for students and teachers.

- The course is a 2-credit course for all schools of Sharda University, except the schools following NEP 2020 for community connect courses or those following council standards.
- Faculty are awarded 5 points for carrying out Community Connect activities.
- Linkages with local institutions, such as local governments, district administration, local entrepreneurs, business and local NGOs.
  - Sharda provides help in the form of services, advice, awareness campaign, etc in order to improve the lives of people it touches.
  - Apart from the 5 villages that Sharda has adopted, Community Connect touches the lives of people in dozens of communities.

2.3 Organizational Chart

The organizational structure of the Community Connect program within Sharda University is:
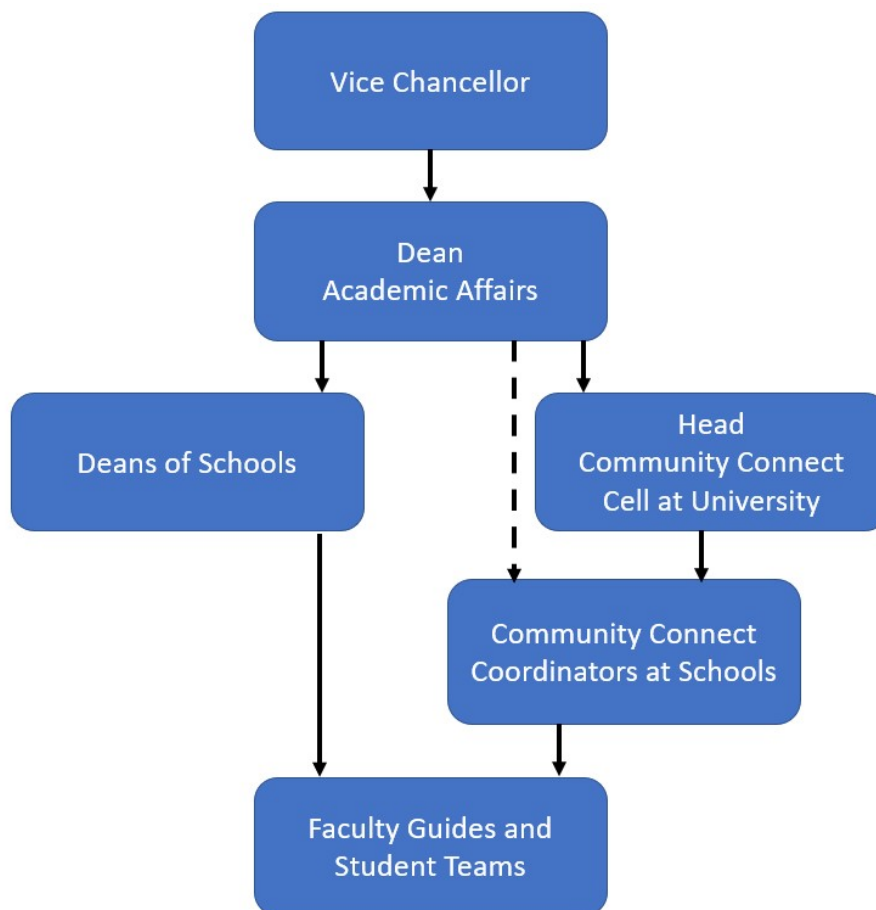

Graph 1.1: Organizational Chart of Community Connect

2.4 Community Connect Stakeholders

Community connect program brings together various aspects of academic institution, market research, project management and consultancy. These different requirements create many demands, which can sometimes create their own management challenges.
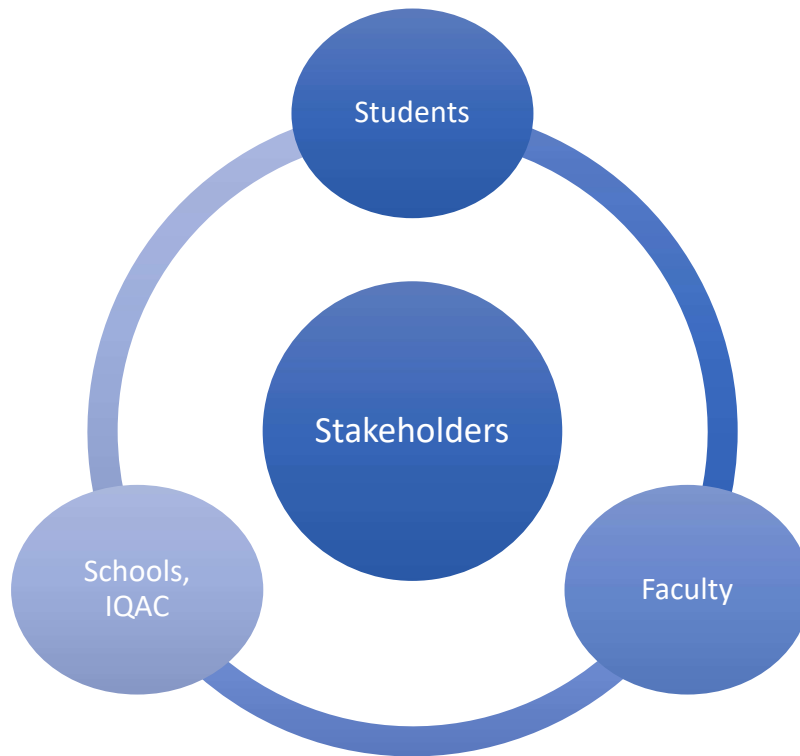

Graph 1.2: Stakeholders of Community Connect

INTERESTS OF STAKEHOLDERS:

1. Schools
   a. Make Community Connect program relevant to their other courses
   b. To enrich the learning of the students
2. IQAC
   a. Impact on accreditation under NAAC
3. Professors
   a. Recognition for work done in the programme
   b. Resources needed for smooth operation
   c. Clarity on execution and focus of the projects
4. Students
   a. Guidance on research execution
   b. Receive benefit from the interaction in some form

3 Operational Details

3.1 List of Community Connect Coordinators

For the year 2022-23, the overall Faculty Community Coordinator was Mr. Abhishek Chanda, Assistant Professor.

The details of the other School specific Community Connect Coordinators are as follows:

Table 3.1: List of Community Connect Coordinators in Schools/Departments

School Code	Name of School	Name of Coordinators
SSBS	Sharda School of Business Studies	Dr. Satendar Singh, Associate Professor
SSBSR	Sharda School of Basic Sciences and Research	Dr. Mridula Guin, Associate Professor (Chem/Biochem) Dr. Mohini Singh, Assistant Professor (Life Sciences) Dr. Sujata Pandit Sharma, Assistant Professor (Food Sciences and Technology) Dr. Sandhya Gupta, Assistant Professor (Physics) Dr. Suman Kumar, Assistant Professor (Environmental Sciences) Dr. Anu Sirohi, Assistant Professor (Mathematics) Dr. Nidhi Sahni, Assistant Professor (Mathematics)
SSET	Sharda School of Engineering and Technology	Dr. Vineet Kumar, Assistant Professor (Mech Engineering) Dr. Kennedy S, Associate Professor (Mech Engineering) Dr. Sufyan Ghani, Assistant Professor (Civil Engineering) Dr. Sabyasachi Mukaherjee, Assistant Professor (ECE) Dr. Pankaj Taneja, Assistant Professor (Biotechnology) Mr. Manish Verma, Assistant Professor (CSE) Dr. Anuj Kumar, Assistant Professor (CSE)
SSAP	Sharda School of Architecture and Planning	Dr. Poonam Bhagchandani, Assistant Professor (Design)
SSMFE	Sharda School of Media, Film and Entertainment	Dr. Mukta Martolia, Assistant Professor
SSHSS	Sharda School of Humanities and Social Sciences	Dr. Pragya Tiwari Gupta, Associate Professor Dr. Kritika Trehan, Assistant Professor
SOL	School of Law	Dr. Namit Srivastava, Assistant Professor
SOE	School of Education	Dr. Harikrishnan Madhusoodanan
SSAHS	Sharda School of Allied Health Science	Dr. Shilpa Gupta, Assistant Professor
SOP	Sharda School of Pharmacy	Dr. Arun Kumar, Assistant Professor
SSNSR	Sharda School of Nursing Science Research	Dr. R Sreeraja Kumar, Professor
SMSR	School of Medical Science and Research	Dr. Amit Pawaiya, Associate Professor Dr. Neha Tyagi, Associate Professor
SDS	School of Dental Science	Dr. Swati Sharma, Associate Professor
SSAS	Sharda School of Agricultural Sciences	Dr. Palak Mishra, Assistant Professor

3.2 Activity Calendar

MONTH	SUMMARY OF ACTIVITIES	PLACES VISITED
July 2022	• Health Camps at 10 locations • Survey for Agriculture and Employment • Semester planning for community connect projects	Dadri, Ajay Nagar Village, Kalapat Shala School, Subra, Greater Noida, Kutwaya, Bisrakh
August 2022	• Health Camps at 6 locations • Surveys for health, income etc. related topics	Jhajhar, Kulesara, Ishan Campus, Village Dhoom, Greater Noida, Addha Village, Marhara Village, Asgarpur
September 2022	• Health Camps at 12 locations • Awareness camps for nutrition, social issues • Surveys for validation of government schemes	Greater Noida, Khairpur, Surajpur, Jhajhar, Sharp Camp, Kakod
October 2022	• Health Camps at 6 locations • Awareness camps for health, etc. • Surveys for validation of government schemes	Kakod, Noida, Ghangola, G.B.Nagar, Greater Noida
November 2022	• Health Camps at 5 locations • Surveys for validation of government schemes	Greater Noida, Dhanawar, MVP Public School, Shanpur, Village Ladpura, Dastura, Surajpur, Sirsa
December 2022	• Health Camps at 8 locations • Legal Aid Camp for social service • Surveys for nutrition, childcare, etc. • Evaluation of Community Connect projects	Maincha, Fazailpur, Greater Noida, Shahpur Khurd, Tugalpur, Chandrawal, Salempur Gurjar
January 2023	• Health Camps at 19 locations • Surveys for validation of government schemes • Semester planning for community connect projects	Mandpa, Daularajpur , Till Diany, Bright Future Academy, Ultratech Sikandrabad, Composite School Greater Noida, J.M.S Public School, Tushiyana, Pachokra, Compositive School - Dadri, Greater Noida, Dadri, Govt. School Dadri, Nagla Village, Govt. School Greater Noida
February 2023	• Health Camps at 8 locations • Legal Aid Camp for social service	Junior Hight School - Dadri, Composite School - Dadri, Shaheed Bhagat Singh Inter College Surajpur, Sawan Kirpal Ashram Kakod, Nangla Gopal, Dugli Village, Hari Om Public School - Mohammadpur
March 2023	• Health Camps at multiple locations • Legal Aid Camp for social service	Kasna, Salanpur, Hajipur, Utravali, Basera Samajik Sansthan, Bhataparal
April 2023	• Surveys on health and employment	D.S.Convent School, Tugalpur, Six Element School, Bhatta, Public Inter College, Parsaule
May 2023	• Surveys and camps on health	Disha Public School Bilaspur, Achepur, Chandpur, Chandpur/ Salampur, Luksar Jail, Niloni, Mirzapur
June 2023	• Evaluation of Community Connect projects	Birondi, Tirthali, Karauli Bangar, Nangla Hukam Singh, Karauli Bangar, Nangla Shahpur

4 Details of Projects Conducted

This section summarizes the projects conducted under Community Connect program by students during the period of 2022-23. The tables are organized by Schools.

4.1 School of Dental Sciences (SDS)

School of Dental Sciences conducts village and community visits as part of the Community Connect program, which involve the promotion of oral health care and awareness among the members of community.

COMMUNITY CONNECT ACTIVITIES: As part of its community outreach program, School of Dental Sciences provides its services in as many as three locations. SDS also serves communities in partnership with NGOs and CSR initiatives of companies.

S. No.	Type of Project	Faculty Name	Student Count	Location	Objective / Description	Focus Area	Type of Project
1	Health Camp	Dr. Swati Sharma	6	Dadri	Awareness, screening and checkup camp at Dadri for 174 beneficiaries.	Health	Check-up
2	Health Camp	Dr. Swati Sharma	5	Ajay Nagar Village	Awareness, screening and checkup camp at Ajay Nagar Village for 93 beneficiaries.	Health	Check-up
3	Health Camp	Dr. Swati Sharma	5	Dadri	Awareness, screening and checkup camp at Dadri for 136 beneficiaries.	Health	Check-up
4	Health Camp	Dr. Swati Sharma	5	Kalapat Shala School	Awareness, screening and checkup camp at Kalapat Shala School for 39 beneficiaries.	Health	Check-up
5	Health Camp	Dr. Swati Sharma	7	Subra	Awareness, screening and checkup camp at Subra for 92 beneficiaries.	Health	Check-up
6	Health Camp	Dr. Swati Sharma	6	Greater Noida	Awareness, screening and checkup camp at Greater Noida for 113 beneficiaries.	Health	Check-up
7	Health Camp	Dr. Swati Sharma	4	Kutwaya	Awareness, screening and checkup camp at Kutwaya for 78 beneficiaries.	Health	Check-up
8	Health Camp	Dr. Swati Sharma	6	Bisrakh	Awareness, screening and checkup camp at Bisrakh for 164 beneficiaries.	Health	Check-up

6	Dr. Rakesh Kumar Sindhu	2	Greater Noida	The prevalence pattern of depression in India	Project Report	Social, Health	Secondary Data

5 Activity Analysis

This section helps us understand the activities undertaken throughout the year for Community Connect.

The table and graph below summarise the area of focus of the projects in this year. As the data shows, research into social aspect has increased, even when compared to the previous year. And while the focus on health as a category has decreased, some of it has shifted to COVID-related projects. Therefore, social and health topics have remained the two main focus areas in this year as well as in the previous one.

Table 3.1.1: Distribution of Projects by Focus Areas

S. No.	Project Focus Areas	2022-23		2021-22		2020-21		2019-20		2018-19	
		Count	%age	Count	%age	Count	%age	Count	%age	Count	%age

Table 3.3 Villages and locations visited during 2022-23

Villages and Areas Visited			
Akilpur Jagir	Gulistanpur	Makora	Sadullapur
Atai Muradpur	India	Matiyala	Safipur
Bhangel	Indore	Namoli	Sakipur
Bisrakh	Jagshanti Udyan Ghar	Nawada	Salempur
Bodaki	Jaitwapur	Pali	Saurikh
Channapatna	Jhatta	Panchayatan	Surajpur
Chauganpur	Jhatta	Rampur	Talda
Chhalera	Kasna	Rauni	Tilpata
Chhithera	Kathera	Rithori	Tugalpur
Gugarpur	Luharli	Ruhallapur	

Apart from these villages, surveys and projects were carried out in many areas of Delhi/NCR and Ghaziabad. Surveys were also conducted in Bihar and Manipur in India.

Outside India, our students conducted community engagement programs in Burkina Faso and Nigeria.

5.1 Community Connect Program and Report Publications

Due to the long term and large-scale nature of the Community Connect program, it has made several notable changes and improvements in our own activities. Publication of research reports is one of these areas.

Each student group that participates in Community Connect is required to produce a report at the end of the semester. The best ones of these reports are considered for publication. The impact of the program on publications is shown in the graph below:

Publications by Year

Year	Publications
2019-20	3
2020-21	6
2021-22	14
2022-23	3
Graph 1.3: Publications by year, 2019-20 to 2022-23

The following table lists the published reports and their details:

Table 4.1: Publications from Community Connect from 2019-20 to 2022-23

Semester of Publication	School	Title	Author name(s)
1902	SMSR	Cellular Therapy: Shafts of Light Emerging for COVID-19	Rajni Ranjan, Dushyant Chaudhary, Rashmi Jain, Arunabh Arora

5.2 Feedback Analysis

Feedback on the programme was taken from students, faculty as well as community members. The details are given and discussed in the sections below.

This year, we have seen a stabilization of expectations related to Community Connect programme – from students, faculty as well as community members. It indicates that they are now familiar with the programme.

Such a development is heartening, especially when it was done in the face of adverse circumstances created by the COVID crisis.

The questions that were asked of the students are:

1. Q1 - How do you like the experience of Community Connect?
2. Q2 - Was the background training and information sufficient for you to work in the field?
3. Q3 - How would you rate your learning from the field?
4. Q4 - Would you like to go for similar projects in future?

The questions that were asked of the faculty are:

1. Q1 - How do you like the idea of Community Connect?
2. Q2 - Were you clear about the execution of the project?
3. Q3 - How do you rate the learning of the students from the program?
4. Q4 - Would you like to guide Community Connect projects in future?

The questions that were asked of the community members are:

1. Q1 - How was your experience of students visiting your community?
2. Q2 - Did student and community members interact respectfully?
3. Q3 - How do you rate the benefit from students' visit?
4. Q4 - Would you like to have more such visits by our students in future?

The questions were chosen on the basis of their ability to help understand how well the programme is being conducted as well as the potential for improvement in the scope of the programme.

5.2.1 Student Feedback

The feedback from students is found quite positive. Compared to previous years, a steady increase in attraction of the programme has been reported.

Question 1: How to you like the idea of Community Connect program?

Students were asked how well they have liked the idea of community connect. The feedback shows that the response to Community Connect idea has become stable as compared to the previous year, with both liking and not liking remaining similar to previous years.

Table 5.1: Student Feedback on the Concept of Community Connect

APPRECIATION	2018-19	2019-20	2020-21	2021-22	2022-23
Dislike Very Much	6.1%	4.5%	3.4%	2.9%	0.55%
Dislike	3.3%	11.8%	10.7%	10.2%	12.88%
Neither Like nor Dislike	11.8%	9.9%	11.8%	11.8%	10.14%
Like Somewhat	10.8%	14.6%	16.0%	14.9%	9.04%
Like Very Much	67.9%	59.3%	58.1%	60.2%	64.93%
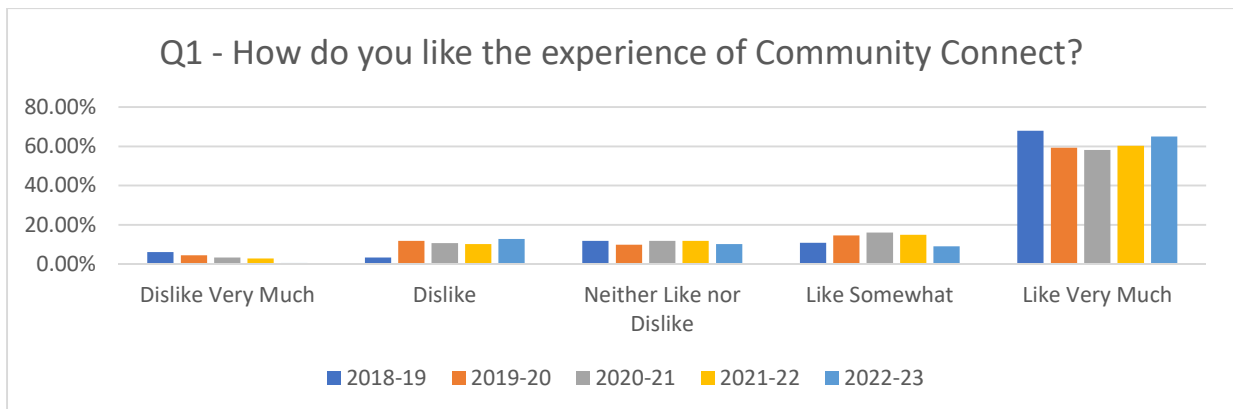

Graph 2.1: Student Feedback on the Concept of Community Connect

Question 2: Was the background training and information sufficient for you to work in the field?

Student were asked if the training/orientation they received was sufficient for the task, and like in the previous question, we see that the responses have become similar to previous years, although the response of 'highly sufficient' has been increasing from previous years.

Table 5.2: Student Feedback on the Training Received

TRAINING SUFFICIENCY	2018-19	2019-20	2020-21	2021-22	2022-23
Highly Insufficient	0.0%	0.7%	2.4%	1.7%	0.00%
Insufficient	4.7%	5.9%	5.8%	6.2%	3.84%
Just sufficient	11.8%	6.8%	11.1%	11.0%	7.95%
Somewhat Sufficient	23.6%	21.2%	14.3%	14.5%	16.99%
Highly Sufficient	59.9%	65.4%	66.5%	66.6%	68.77%
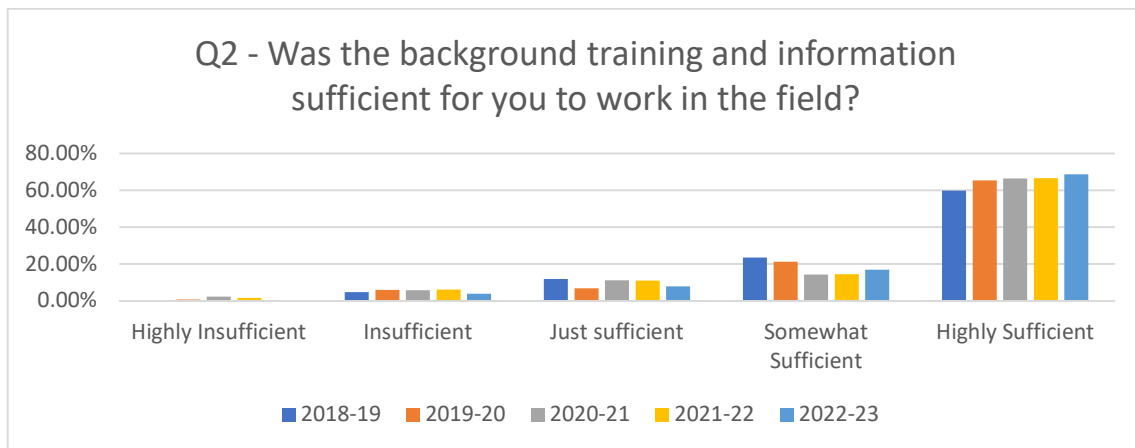

Graph 2.2: Student Feedback on the Training Received

Question 3: How would you rate your learning from the field?

When we compare the responses of 'highly educational' and 'educational', we can see that the overall experience of education students feel they get from the Community Connect programme has become stable. And comparing them to the responses of the other questions students were asked, it becomes clear that the programme has achieved stability in terms of expectations and experiences from the students.

Table 5.3: Student Feedback on the Learning Experience

LEARNING GAINED	2018-19	2019-20	2020-21	2021-22	2022-23
Not educational at all	8.0%	4.7%	3.2%	4.1%	3.01%
Educational	24.5%	28.5%	31.0%	29.3%	21.10%
Highly Educational	67.5%	66.8%	65.8%	66.6%	73.42%
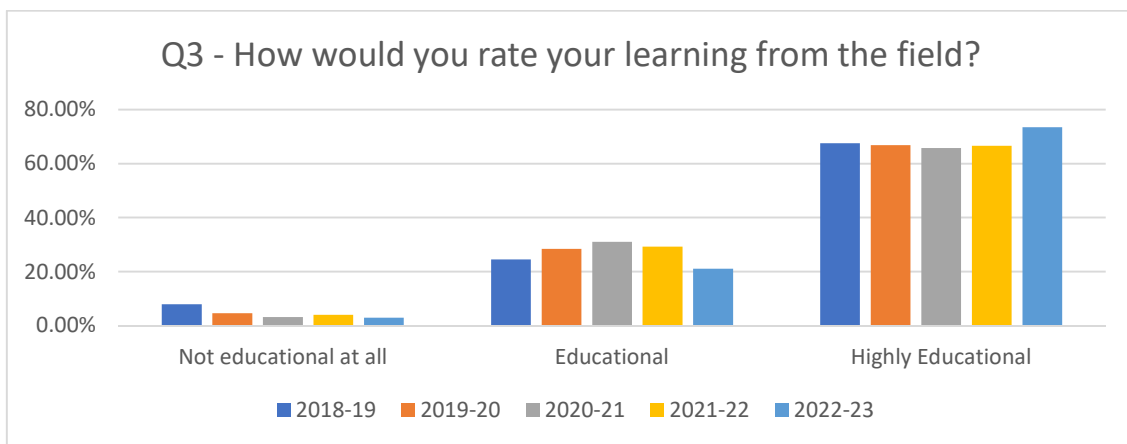

Graph 2.3: Student Feedback on the Learning Experience

Question 4: Would you like to go for similar projects in future?

The question about likelihood of repeating is asked in order to judge the final impact on the respondent. Therefore, students were asked if they would like to do similar projects in future. Overall, the numbers are stable, but when compared to last years (2019-20), we see a slight decline in the likelihood of repeating. This can be explained that in the current year, there was lockdown in both the semesters, while in the previous year, there was lockdown only in one.

As community interaction is a vital part of this programme, the lack of social contact has contributed to the decrease in this statistic.

Table 5.4: Student Feedback on the Attractiveness for Future Projects

LIKELIHOOD OF REPEATING	2018-19	2019-20	2020-21	2021-22	2022-23
Highly unlikely	6.1%	5.4%	4.5%	3.1%	0.00%
Unlikely	5.7%	4.5%	6.6%	5.2%	6.58%
Neither likely nor unlikely	9.4%	8.2%	9.6%	9.3%	10.14%
Likely	17.0%	10.6%	16.0%	18.3%	12.33%
Highly likely	61.8%	71.3%	63.2%	64.1%	68.49%
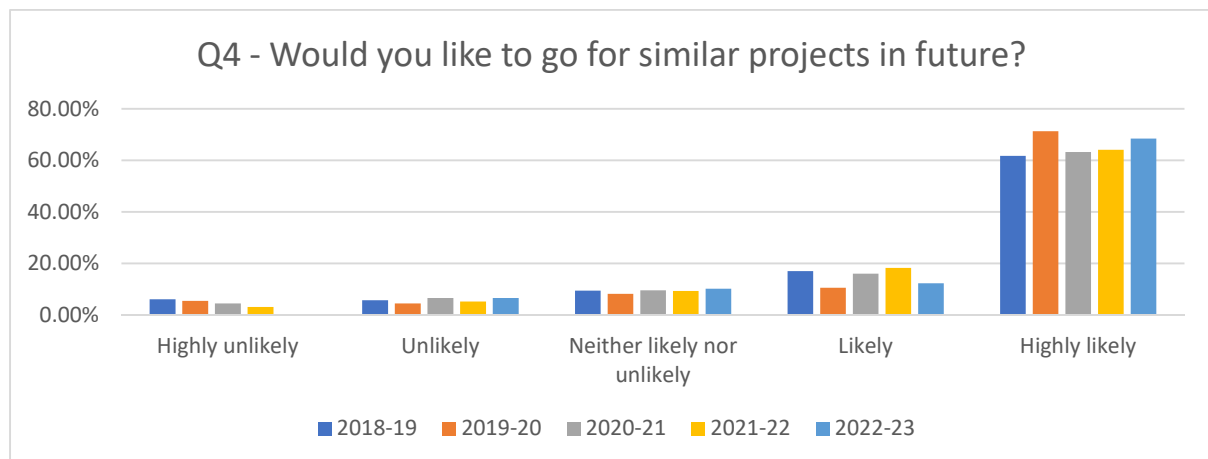

Graph 2.4: Student Feedback on the Attractiveness for Future Projects

5.2.2 Faculty Feedback

The faculty feedback is also found generally positive. And the reception to the idea of community connect has improved from previous years.

Question 1: How do you like the idea of Community Connect?

The faculty feedback is also positive, with only a slight gain in 'like very much' from 'like somewhat'. And as in the case of student feedback, the numbers indicate a stabilization of expectations among the faculty.

Table 6.1: Faculty Feedback on the Concept of Community Connect

APPRECIATION	2018-19	2019-20	2020-21	2021-22	2022-23
Dislike Very Much	3.2%	3.6%	2.5%	3.5%	0.00%
Dislike	0.0%	4.8%	4.9%	5.8%	5.66%
Neither Like nor Dislike	25.8%	11.9%	12.3%	14.0%	5.66%
Like Somewhat	6.5%	29.8%	21.0%	16.3%	20.75%
Like Very Much	64.5%	50.0%	59.3%	60.5%	67.92%
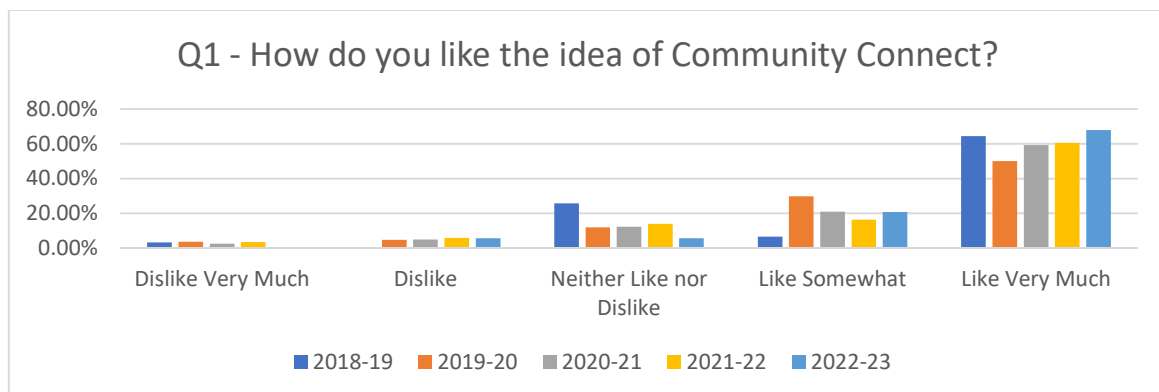

Graph 3.1: Faculty Feedback on the Concept of Community Connect

Question 2: Were you clear about the execution of the project?

The clarity of the execution has improved from previous year. In 2019-20, there was confusion because of execution issues due to the lockdown. As faculty had much better understanding of how projects will be executed in this year, clarity on the topic has improved.

Table 6.2: Clarity of the programme execution

CLARITY OF THE PROGRAMME	2018-19	2019-20	2020-21	2021-22	2022-23
Not Clear at All	3.2%	3.6%	1.2%	3.5%	0.00%
Not Clear	6.5%	9.5%	8.6%	7.0%	5.66%
Just About Clear	9.7%	15.5%	8.6%	7.0%	15.09%
Somewhat Clear	19.4%	25.0%	30.9%	37.2%	20.75%
Very Clear	61.3%	46.4%	50.6%	45.3%	58.49%
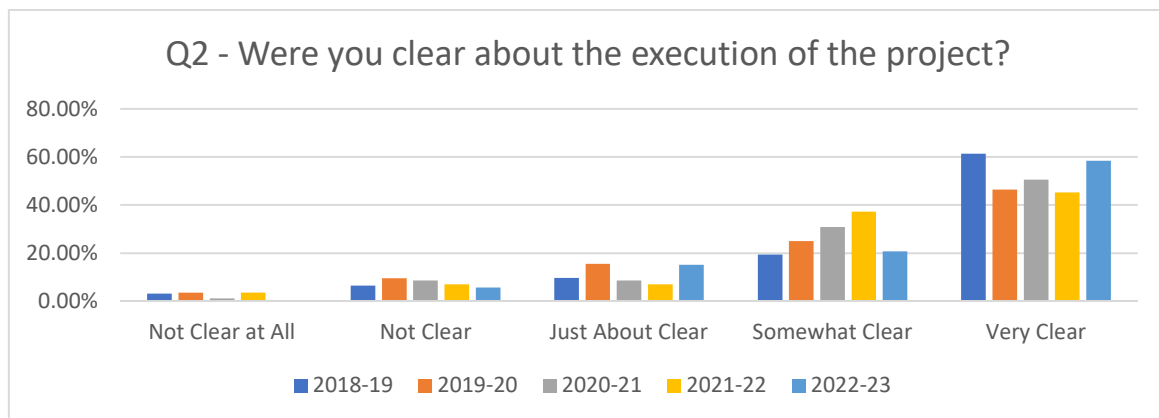

Graph 3.2: Faculty Feedback on the Training Aspect

Question 3: How do you rate the learning of the students from the program?

While the percentage of students saying that the programme was 'educational' or 'highly educational' is similar to previous years, a worrying trend is the increase in number of students saying that the programme was 'not educational at all'.

This may be due to the lockdown conditions, as faculty are not able to instruct the students properly, they may feel that the students are not gaining from the programme.

Table 6.3: Faculty rating of students' learning

LEARNING OF STUDENTS	2018-19	2019-20	2020-21	2021-22	2022-23
Not educational at all	3.2%	6.0%	9.9%	9.3%	0.00%
Educational	22.6%	25.0%	14.8%	15.1%	33.96%
Highly Educational	74.2%	69.0%	75.3%	75.6%	66.04%
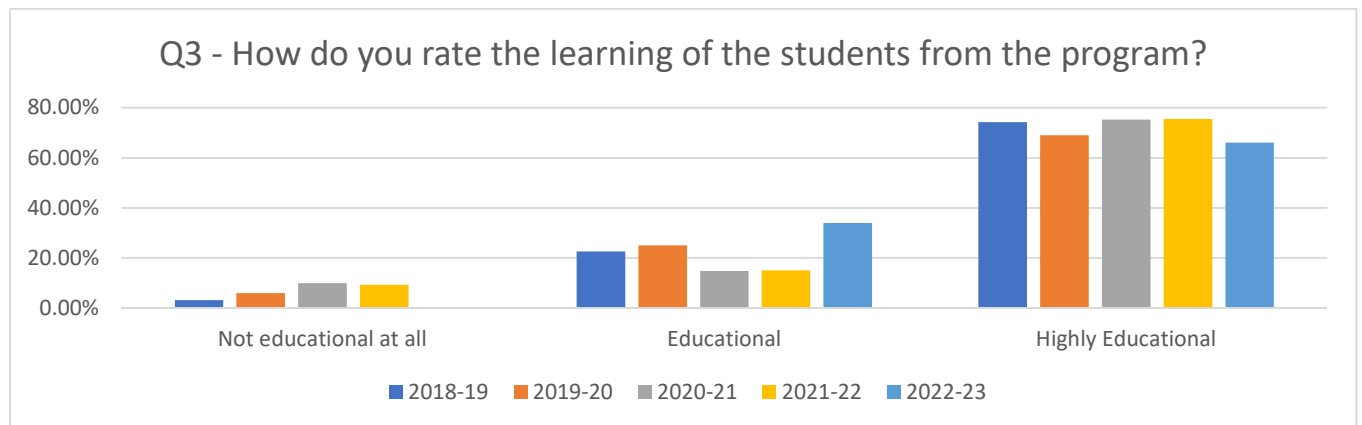

Graph 3.3: Faculty rating of students' learning

Question 4: Would you like to guide Community Connect projects in future?

When faculty were asked if they would like to lead a similar programme in future, we witness a decrease in this number. There has been a decrease in the number of faculty saying that they are 'likely' or 'highly likely' to take up the program.

Part of the reason is that it is difficult to impart community related teaching under conditions of lockdown.

Table 6.4: Faculty Feedback on the Attractiveness for Future Actions

LIKELIHOOD OF REPEATING	2018-19	2019-20	2020-21	2021-22	2022-23
Highly unlikely	3.2%	3.6%	8.6%	8.1%	0.00%
Unlikely	9.7%	6.0%	11.1%	10.5%	5.66%
Neither likely nor unlikely	9.7%	9.5%	16.0%	14.0%	11.32%
Likely	22.6%	10.7%	21.0%	18.6%	16.98%
Highly likely	54.8%	70.2%	43.2%	48.8%	66.04%
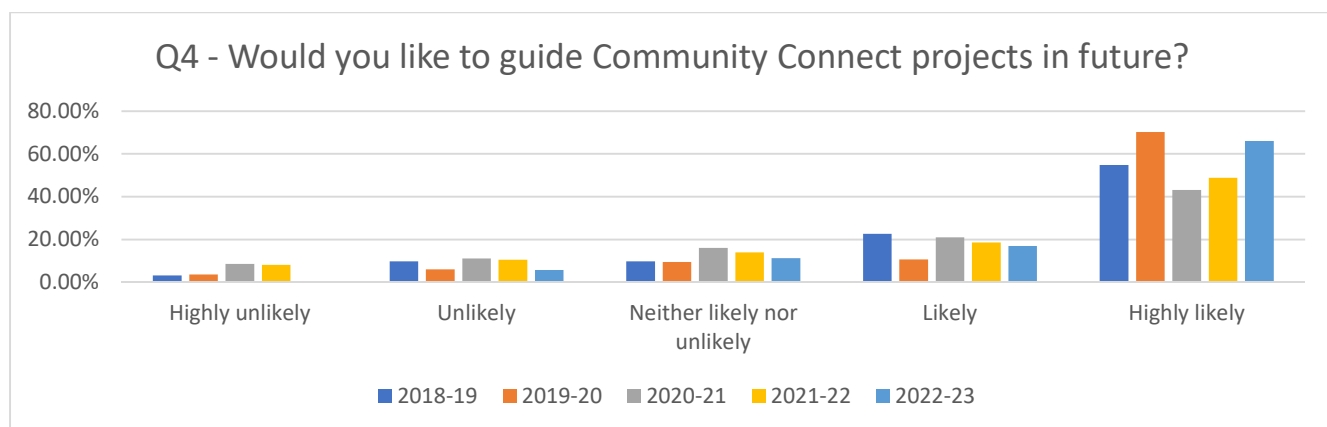

Graph 3.4: Faculty Feedback on the Attractiveness for Future Actions

5.2.3 Community Feedback

Question 1: How was your experience of students visiting your community?

The members of the communities are also found positively inclined towards the programme, and the numbers show that the overall response is stable in terms of 'like very much' and 'like somewhat'. And while it is positive indicator, it also shows that we need to work towards making it more positive experience for the community members.

Table 7.1: Community response to Community Connect programme in their community

EXPERIENCE RATING	2018-19	2019-20	2020-21	2021-22	2022-23
Dislike Very Much	4.3%	3.0%	8.6%	5.13%	0.00%
Dislike	8.7%	9.1%	2.9%	2.56%	12.70%
Neither Like nor Dislike	15.2%	9.1%	14.3%	10.26%	9.52%
Like Somewhat	23.9%	18.2%	25.7%	28.21%	14.29%
Like Very Much	47.8%	60.6%	48.6%	53.85%	63.49%
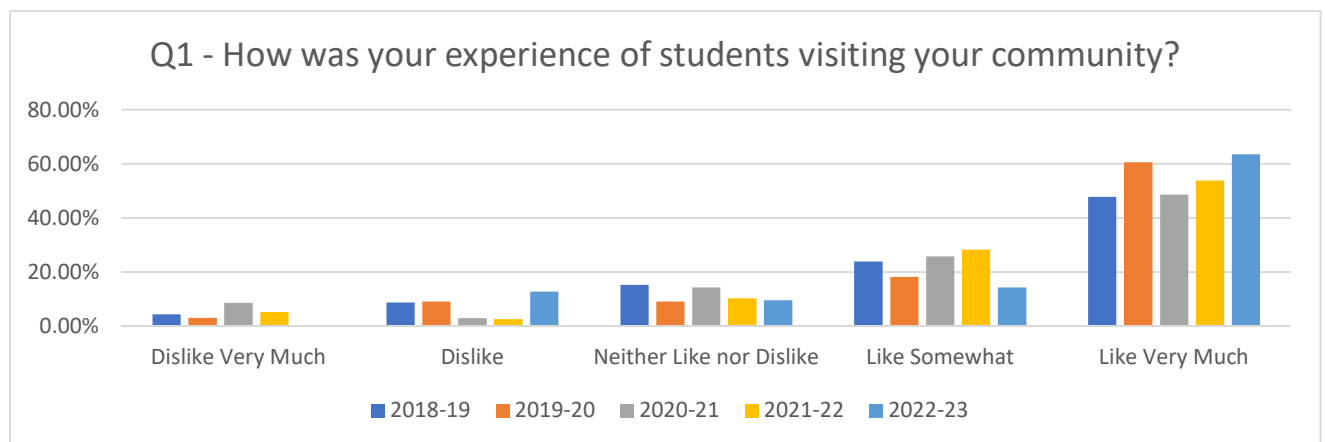

Graph 4.1: Community response to Community Connect programme in their community

Question 2: Did student and community members interact respectfully?

As we can see from the charts, the quality of interaction has declined from the previous years (2019-20), but is slightly above 2018-19. In this aspect also, we feel that lockdown conditions have been influential in the fall. As there is limited scope of interaction community members, they may have felt frustrated with the exchange with our teams. Hence, they have given a lower rating to the quality of interaction.

Table 7.2: Community Feedback on the Quality of Interaction with the Students

| QUALITY OF INTERACTION	2018-19	2019-20	2020-21	2021-22	2022-23
No, Very Badly	2.2%	0.0%	0.0%	0.0%	0.00%
No, Somewhat Badly	4.3%	9.1%	8.6%	5.1%	4.76%
Neither Well nor Badly	21.7%	6.1%	14.3%	10.3%	1.59%
Yes, Somewhat Well	30.4%	9.1%	25.7%	28.2%	15.87%
Yes, Very Well	41.3%	75.8%	51.4%	56.4%	77.78%
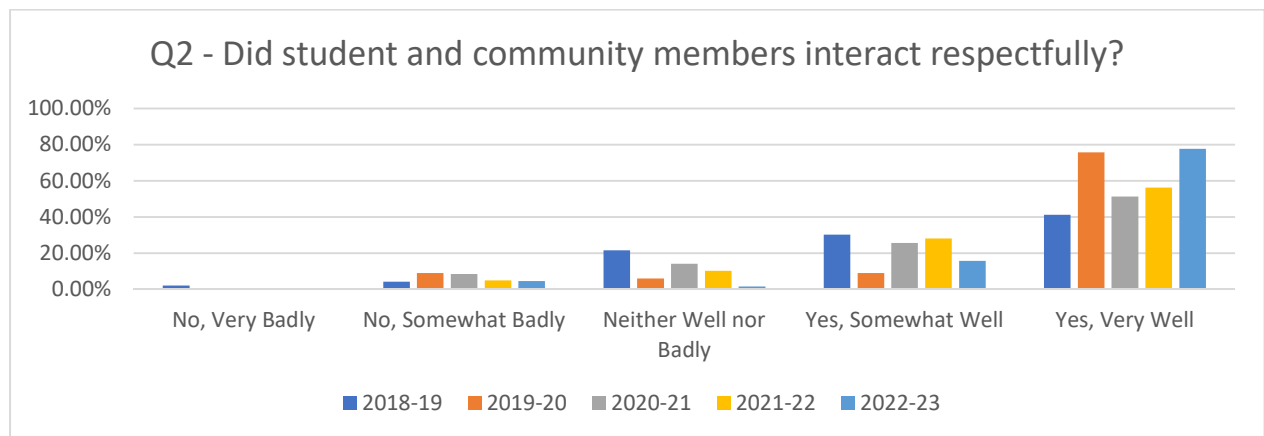

Graph 4.2: Community Feedback on the Quality of Interaction with the Students

Question 3: How do you rate the benefit from students' visit?

As we see in the numbers below, the expectations of the community members appear to have stabilized and it is reflected in the ratings. And while this is a positive signal, the highest rating of 'very beneficial' shows that there are unaddressed gaps in this aspect. We need to find out more ways to better serve the local communities.

Table 7.3: Community Feedback on the Benefits Received

BENEFICIAL	2018-19	2019-20	2020-21	2021-22	2022-23
Not Beneficial at all	4.3%	24.2%	28.6%	21.4%	9.52%
Somewhat Beneficial	63.0%	33.3%	34.3%	31.0%	31.75%
Very Beneficial	32.6%	42.4%	37.1%	47.6%	58.73%
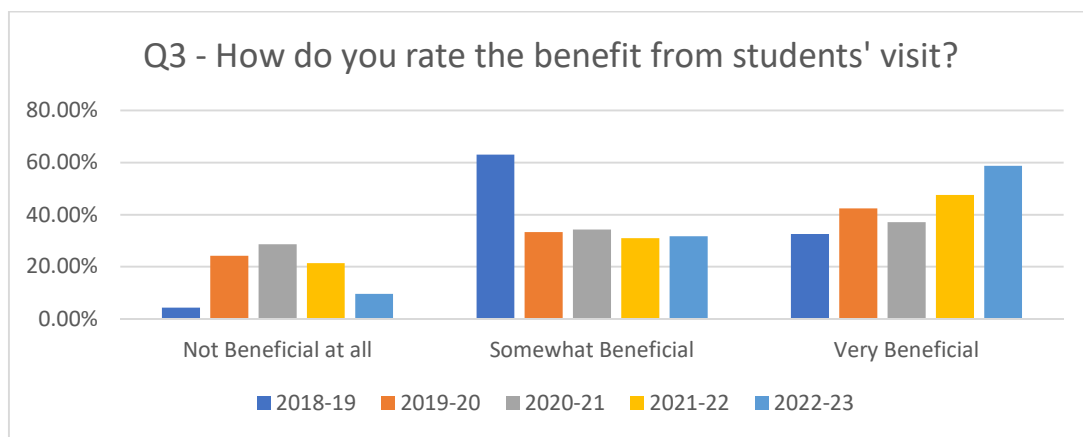

**Graph 4.3: Community Feedback on the Benefits Received**

Question 4: Would you like to have more such visits by our students in future?

Feedback on the receptivity of the community members to future visits by students also shows a stabilization in the ratings.

Both the interaction with the students and the benefits received contribute to this number, and as they have stabilized, this rating has also stabilized.

Table 7.4: Community Feedback on the Desirability of Future Visits

LIKELIHOOD OF REPEATING	2018-19	2019-20	2020-21	2021-22	2022-23
Would Not Like It At All	4.3%	6.1%	5.7%	2.4%	4.76%
Would Not Like It	17.4%	9.1%	14.3%	9.5%	7.94%
Neither For or Against	4.3%	21.2%	14.3%	14.3%	12.70%
Would Like It Somewhat	6.5%	27.3%	25.7%	26.2%	22.22%
Would Like It Very Much	67.4%	36.4%	40.0%	47.6%	52.38%
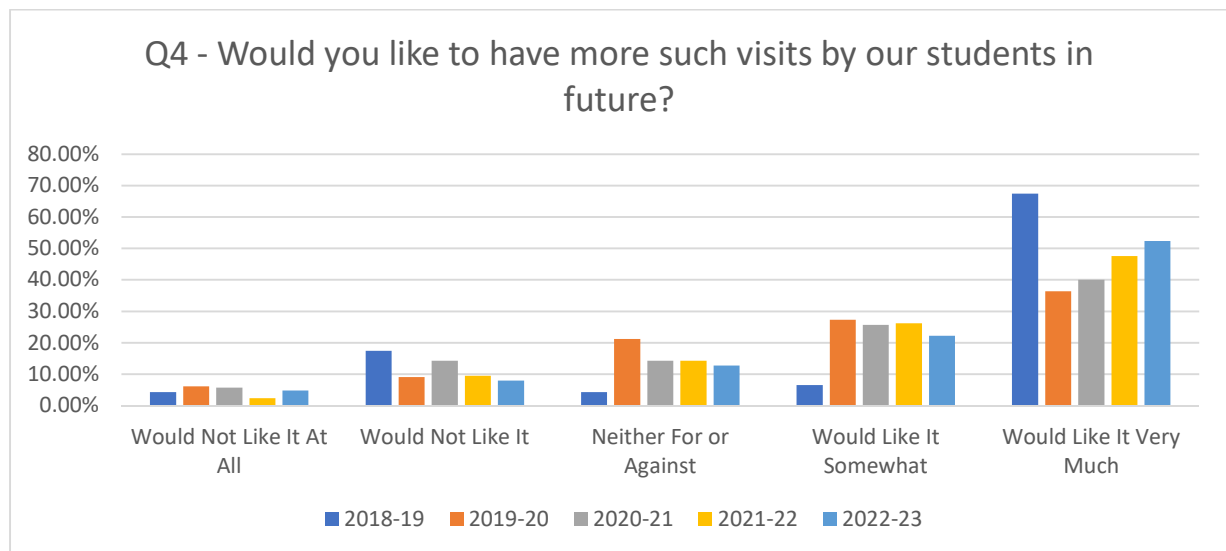

Graph 4.4: Community Feedback on the Attractiveness of Future Visits

6 Glimpses of Community Connect Activities -2022-2023

6.1 List of activities conducted under Community Connect

1. Awareness camp held for cancer, anti-smoking, natal care, eye donation, contraception, polio, PTSD, diabetes, and Covid care and prevention
2. Screening and treatment camps for oral care were held, which saw participation by several hundred patients
3. Studies were done on how people are coping with Covid crisis, vaccine hesitancy, preventive measures taken by people
4. Social issues were investigated, such as philanthropy, mental health in Covid times, well-being of senior citizens, among others
5. Studies were done in the field of agriculture and related commerce
6. Projects were conducted under Shiksha Setu, for which our students went to local schools to teach their students
7. Students made several apps to address problems faced by communities

6.2 Selected Photographs from Community Connect Projects
