It was Great and Highly required.
Very informative and helpful, especially in early days of joining.
Apart from this much needed comprehensive one time induction programme, it would be great if we had access to a repository for the same topics presented, which would be accessible any time a faculty needs to brush up on the same. This would be especially helpful if you could provide a detailed tutorial on NAAC procedures, like CO-PO attainment (not just the calculation part, but the relevance and meaning of each variable) etc. As the NAAC responsibilities change with a faculty leaving or exchanging duties, all the faculty should have access to a detailed online information on NAAC. Thanks.
