SCHOOL OF CREATIVE ART, DESIGN & MEDIA STUDIES

Sharda student got an opportunity to work for UNICEF

Mr. Afzal, student of Mass Communication from final year (BJMC) got an opportunity to work with UNICEF on Measles Rubella vaccination campaign. Measles Rubella vaccination campaign was aimed to eradicate measles and rubella from Bihar, total 4 crores children were the target. The campaign was executed in 3 rounds: School level, Outreach areas and Catch-up sessions. In this project, he worked as a photographer for documentation.

He got the privilege to travel across 18 districts of Bihar where he witnessed some of best moments of career. Also, he got to meet many new people and listened to their stories and captured the shutterbugs. The best part of the whole project was that he travelled to some of the least known and unvisited places in Bihar. Chaandan block in Banka district and some others places are Naxal affected areas & it was a challenging job there to work with them & at the same time encouraging to shoot at such places.

He shared his experience and quoted: "Working with the UNICEF is indeed an amazing experience. The way their staff treat is an example. It was no less than a dream comes true to work with such an organization. I hope these photographs could make any difference in the society and help to eradicate diseases and fulfill the mission of the campaign."
