SECTION B: Event report and reflection

1. Event objectives-

The main aim of workshop is to impart greater awareness about the issue of IPRs, which gained a special importance for all the domains of socio-economic development. The participants of the workshop will be able to understand the procedures to convert the research outcome into patents.

2. Event description:

India is going to celebrate its 75th Anniversary of Independence on 15th August 2022 and on this monumental occasion, a special initiative 'Azadi Ka Amrit Mahotsav' has been undertaken by the Government of India to celebrate our journey since independence.

Under the initiative 'Azadi Ka Amrit Mahotsav', the 'National Intellectual Property Awareness Mission (NIPAM)' has been launched by our office to impart Intellectual Property (IP) awareness to students. We would therefore like to invite your institute to avail the benefit of this mission. The awareness session will be conducted by experts from our Office and there will be no financial implications for your institute. The said program is of 50-60 minutes wherein the students would be exposed to different types of Intellectual Property Rights (IPRs) and they would be enlightened and motivated to convert their ideas into innovation and further transformation into IP assets through the protection of their IP rights. After completion of the session, a certificate in the name of participants and your institute will be issued.
