Here are some of the ways by which you can help yourself to culturally adjust here:

- Be aware that you may experience some sadness or home sickness in the initial days.
- Have a tolerance for diversity and differing opinion. Remain open minded, flexible and adaptable. Try to suspend judgment until you have looked for the logical reasons behind differences. Be objective and perceptive.
- Stay busy. Get involved with activities at Sharda University campus. You may even find out that you can continue with the same sports or hobbies you did in your home city.

LIVING WITH A ROOMMATE:

If you have never lived with a roommate before, there will be an adjustment period after you first move in. Don't worry; living with a roommate can be a lot of fun.

Here are some hints to living with a roommate:

- **Be friendly-** If you are nice and friendly to your roommate it is likely to be reciprocated.
- **Be understanding-** Try to see the motives behind your roommate's actions and help if you can.
- **Sometimes give your roommate some peace and quiet-** It's great to have a conversation, however everyone needs time to be alone and of course, to study. Make sure you are supportive of that.
- **Do not use your roommate's belongings-** If there is something that you would like to use, ask!
- **Keep it clean-** Help them to keep the room clean, as no one wants to live in filth & dirt.
- **Talk it out-** If you are having a problem with your roommate, always remember that good relationship with your roommate will require some give and take. Discuss and try sorting the faults out.
- **Treat your roommate as you would like to be treated**

10. No student may change their allotted room, swap with another student, or rearrange/dismantle fixed furniture without prior written permission from the Warden/IHA office.
11. Students are responsible for the condition of their room, furniture, and fixtures. Any damage — whether from misuse, negligence, or unclaimed cause — will be charged to the occupant(s) of the room, individually or collectively, in addition to any disciplinary action.
12. Students must switch off lights, fans, and appliances before leaving their rooms, and must not misuse water coolers or other shared utilities.

Surprise Night Inspection

13. Wardens (or authorized IHA staff) may conduct surprise inspections of any hostel room, at any hour of the day or night, without prior notice to the occupants, to check for safety compliance, prohibited items, unauthorized guests/pets, & general discipline.
14. At least two authorized staff members must be present during any such inspection; for girls' hostels, at least one must be a female staff member.

15. Inspections will generally avoid unnecessary disruption during Silent Hours unless there is a specific complaint, safety concern, or emergency.
16. Wherever practically possible, the room's occupant(s) will be present (or informed as soon as possible) during the inspection.
17. Any item confiscated or violation observed during an inspection will be documented, with the occupant's acknowledgment where possible, and reported to the Chief Warden within 24 hours.
18. Consequences will correspond to what is found:
    - Prohibited electrical appliance - confiscation + warning (first offence) written undertaking from student & parents (repeat offence)
    - Alcohol, tobacco, or related paraphernalia - written undertaking, parental notification, referral to Proctorial Committee on repeat
    - Narcotics, psychotropic substances, or weapons- immediate referral to the Proctorial Committee/ICC, parents notified, and expulsion from the hostel/University as warranted - no discretion

Prohibited Items & Substances

19. Possession or use of lethal weapons or any instrument likely to cause physical harm is strictly prohibited.
20. Cooking, induction plates, electric kettles, immersion rods, room heaters, and similar high-wattage appliances are not permitted in hostel rooms without prior written permission.
21. Tobacco (smoking/chewing), alcohol, and related paraphernalia are banned in the hostel. First offence draws confiscation and a formal warning; repeat offences draw a written undertaking with parental notification and referral to the Proctorial Committee.
22. Narcotics and psychotropic substances (as defined under the NDPS Act) are absolutely prohibited. Possession, use, or distribution of any such substance will result in immediate expulsion from the hostel/University, with no discretion for a first offence.
23. If a prohibited item is found in a shared room and no individual takes responsibility, all occupants of that room will be held jointly accountable.
24. No pets or stray animals may be kept, fed, or housed inside hostel rooms or common areas.
25. Students facing substance dependency are encouraged to seek support through the Abhivyakti Wellness Clinic (AWC) rather than conceal the issue, the University will involve parents and offer counselling support alongside any disciplinary process, wherever appropriate.

Guests & Visitors

26. Guests are not permitted to stay overnight in the hostel under any circumstances.
27. Visitors (parents, relatives, local guardians) may meet hostellers only in the designated Guest Room, with the Warden/Manager's permission, and after signing the Visitor Register at the hostel reception.
28. Visitors must leave the premises by 7:00 PM except where the warden has granted permission for a longer stay on a special occasion.
29. External or unauthorized persons are not permitted inside hostel rooms or the mess without the Warden/Manager's prior permission.

Conduct, Respect & Discipline

30. Students must treat roommates, hostel staff, wardens, and fellow residents with courtesy and respect at all times.
31. Discrimination of any kind - based on region, religion, caste, language, nationality, or place of origin - is strictly prohibited. Given Sharda's diverse student community from 95+ countries, international and out-of-state students must be treated with particular courtesy and inclusion.
32. Students must not post, circulate, or display any obscene, objectionable, or offensive material whether physical (posters, notices) or digital (social media, group chats, SMS) that relates to hostel life or fellow residents.

33. Ragging in any form is strictly prohibited and will be dealt with under the Ragging Prevention Act, as per the Supreme Court of India's ruling and the University's Anti-Ragging Committee.
34. In case of illness or accident must be reported immediately to hostel authorities. Students with contagious diseases will not be permitted to stay in the hostel; the Warden's decision in this regard is final.
35. No function, celebration, or gathering may be organized in the hostel without the Warden's prior permission.
36. Students must not enter another student's room without the occupant's permission.
37. All hostel equipment, furniture, and mess property must be handled with care. Damage or misuse will attract a fine in addition to any disciplinary action.
38. Complete and accurate entries must be made in the in-out register at all times. Wrong entries, proxy sign-ins, or tampering with records are punishable offences.
39. Students must keep their rooms & common areas clean and hygienic. Spitting anywhere on the premises is strictly prohibited.
40. Students are responsible for the safekeeping of their own valuables (cash, jewellery, laptops, mobile phones); the University is not responsible for loss of personal property. Students should use their own locks and keep room keys secure, a lost key will be replaced at the student's cost.
41. All matters relating to differences among students and complaints against theft shall be brought to the notice of the hostel management. No police complaint will be lodged by the student before taking prior permission from the hostel management.

Enforcement & Escalation

42. Violations will generally follow an escalating response:
    - First offence (minor): verbal warning / confiscation, recorded by the Warden
    - Repeat offence: written undertaking by student (and parents, where applicable), reported to the Chief Warden/OSD
    - Serious or safety-related offence: referral to the Proctorial Committee or Internal Complaints Committee (ICC) with penalties ranging from fine and suspension to expulsion from the hostel or University, as per University policy
43. All disciplinary matters relating to hostel conduct are handled in coordination with the University's Proctorial Committee and, where relevant, the Anti-Ragging Committee or ICC — the same bodies referenced elsewhere in this handbook.
44. Students who disagree with a disciplinary decision may submit a written appeal to the OSD, IHA within 3 days of the decision being communicated, for review.
45. The University/Hostel authorities may conduct periodic checks in addition to surprise inspections; any student found violating these rules during such checks will face disciplinary action as outlined above.
46. Students are advised to read hostel notice boards regularly. All instructions and notices displayed will be deemed to have been read by all residents; non-compliance cannot later be excused on grounds of not having seen a notice.

PROCTORIAL COMMITTEE

The role of the Proctorial Committee is to help the Vice Chancellor of the University in taking appropriate steps and timely actions for maintaining student discipline on the campus. It also involves taking disciplinary action against students breaking the "Ethics and Moral Code of Conduct" laid down by the University.

The Proctorial Committee of the University is headed by the Chief Proctor as Chairperson. The committee consists of nominated faculty members from all the schools, who are assisted by an Administrative Officer and an Executive Assistant.

Upon receipt of any complaint of misconduct from any Student/School Disciplinary Committee/Faculty Member/Head of Department/ Dean/IHA/Security Department against any student(s), a detailed scrutiny of the complaint is undertaken. In case a prima facie offence is found to have been committed, a show cause notice is issued to the student(s), with a copy to the parents. Upon receipt of the reply, the offence is classified as minor or major. Minor cases are dealt with directly as per the University policies, while major cases are investigated by a Proctorial Committee. During the investigation, emphasis is given to the principles of natural justice, wherein a fair opportunity for hearing, examination of evidence, and cross-questioning is provided to the accused to explain their conduct.

Once the inquiry is completed to the satisfaction of the committee members, the recommendations of the Proctorial Committee are approved by the Hon. Vice Chancellor, based on which orders are issued by the Registrar.
